A perfectly packaged four bedroom home on a prime West End corner. Nothing was overlooked, the kitchen is as much of a work of art as the numerous spaces and walls that lend themselves to your own art collection. The finish detail throughout is so thought out it takes several visits to really absorb all of the design that went into every nook and cranny. Easy to use “smart” technology integrates the lighting, audio/visual and comfort systems throughout the home. Fabulous roof deck, private patio with a stainless steel hot tub, elegant landscaping enhanced by Aspen’s summer stream system that flows along the edge of the property and a one car garage with additional outdoor parking round out the outdoor spaces.
